

Education Partnership Group (EPG)

a unique writing and publishing program offered by

Steward House Publishers

Dear teacher,

We'd like to tell you about our student anthology publishing program for students and schools across the contiguous United States. Excite, inspire, and challenge your students through the Education Partnership Group (EPG), a program designed to give you and your students the opportunity to publish a professional anthology complete with ISBN and listings on *Amazon* and *Barnes & Noble*. It's easy. Our online system walks you through the process, freeing you to spend your time teaching rather than fussing with complicated paperwork.

Let us assist you in giving your students the experience and benefit of the professional publication process while providing them with a leg-up on their college resumes. The best part is this can be done in minimal time, all while bringing in funds to support your school or an extra-curricular activity.

You won't find another program that offers professional-grade, high-quality anthologies and a fundraising program that *works* while having lasting benefits for students, unlike selling magazine subscriptions or chocolate bars.

FEATURES:

- A streamlined online system accessible from any location with Internet access.
- A team dedicated to answering questions, guiding you through the process, and offering publishing advice so that you and your students can get the most out of the program.
- Customizable, professionally-bound anthologies, each assigned an ISBN.
- Automatic listing on *Amazon* and *Barnes & Noble*.
- Each participating student receives a **copy of their anthology** to treasure for a lifetime.

FUNDRAISING:

- Schools can purchase additional copies of the anthology directly from Steward House at a 40% discount, then sell those anthologies in their local area at full price, earning the difference.
- Schools keep a percentage of the money generated from online sales on *Amazon* and *Barnes & Noble*.
- EPG provides posters, pre-order forms, and advice from industry professionals to help schools maximize fundraising efforts.

COSTS:

- **\$20 per participating student**
- Free shipping on orders of 50 or more anthologies
- Sales tax for schools in WA State applies
