

"Tomboy"

Pen Name: Ida Martinez

little haloed girl with
the weak jaw and yellow
smile

sleeps underfoot
under stars
only sometimes in trees

oh, she's ghastly,
no winged beauty here,
just a winged
something

little haloed girl with
the stringy silver hair and oily
face

whoever heard of an ugly fairy?

she's here all the same
underfoot
under stars
only sometimes in trees
